

## User Guide

In Admin panel you need to enable this module under

**store > configuration > BlueThink Inc > Admin Low Stock Notification Setting**

There are few options to set Notify On Below

Quantity, Frequency, Start Time, Send Email To, Email Subject

Select Email Sender, Select Email Template, Manually Send Email

Low Inventory Notification.

The screenshot displays the Magento 2 Admin Panel Configuration page for BlueThink Inc. The page is titled "Configuration" and shows the "Admin Low Stock Notification Setting" configuration. The "Enable Module" is set to "No". The "Notify On Below Quantity" is set to "10" with a checkbox for "Use system value". The "Notification Cron Configuration" shows "Frequency" set to "Daily" and "Start Time" set to "00:00:00". The "Send Email To Store Owner Configuration" and "Manually Send Email Low Stock Notification" sections are also visible.
